

**MODEL:** CT-1212CL-SMT-TR | **DESCRIPTION:** MAGNETIC BUZZER INDICATOR**FEATURES**

- surface mount
- washable
- internally driven

**SPECIFICATIONS**

| parameter             | conditions/description             | min   | typ   | max   | units |
|-----------------------|------------------------------------|-------|-------|-------|-------|
| rated voltage         |                                    |       | 12    |       | Vdc   |
| operating voltage     |                                    | 8     |       | 15    | Vdc   |
| current consumption   |                                    |       |       | 30    | mA    |
| rated frequency       |                                    | 2,200 | 2,400 | 2,600 | Hz    |
| sound pressure level  | at 10 cm [A-weight], rated voltage | 85    | 90    |       | dBA   |
| dimensions            | 12.8 x 12.8 x 7.1                  |       |       |       | mm    |
| weight                |                                    |       | 2.0   |       | g     |
| material              | PPS [S-206]                        |       |       |       |       |
| terminal              | SMT type [Sn plating]              |       |       |       |       |
| operating temperature |                                    | -30   |       | 70    | °C    |
| storage temperature   |                                    | -40   |       | 85    | °C    |
| RoHS                  | yes                                |       |       |       |       |

Notes: 1. All specifications measured at 5~35°C, humidity at 45~85%, under 86~106 kPa pressure, unless otherwise noted.

**SOLDERABILITY**

| parameter                      | conditions/description                   | min | typ | max | units |
|--------------------------------|------------------------------------------|-----|-----|-----|-------|
| reel storage                   | at relative humidity <40%                |     |     | 25  | °C    |
| reflow soldering <sup>2</sup>  | see recommended reflow soldering profile |     |     | 260 | °C    |
| drying conditions <sup>3</sup> | bake at 40°C for 24 hours                |     |     |     |       |

Note: 2. It is recommended to reflow solder within 48 hours from opening vacuum packaging at a temperature <30°C & relative humidity <60%.  
3. When out of packaging for more than 48 hours.

## PACKAGING

units: mm

Reel Size:  $\varnothing 330$  mm  
 Inner Box Size: 340 x 340 x 33 mm  
 Carton Size: 350 x 175 x 355 mm  
 Reel QTY: 450 pcs per reel  
 Carton QTY: 2,250 pcs per carton

|           |               |
|-----------|---------------|
| Lot No.   | XXXXXXXXXX    |
| Model No. | XXXXXXXXXX    |
| Quantity. | XXXX Pcs      |
| Date:     | DD MM YY      |
|           | MADE IN CHINA |

Inner Box  
(1 Layer Reel)

Carton Box  
(5 Inner Box)

\* The label stuck on inner boxes and the outer of carton.

## REVISION HISTORY

| rev. | description                                                                                  | date       |
|------|----------------------------------------------------------------------------------------------|------------|
| 1.0  | initial release                                                                              | 09/22/2006 |
| 1.01 | new template applied                                                                         | 03/29/2010 |
| 1.02 | updated part number, added TR package option, applied new spec template                      | 05/03/2013 |
| 1.03 | added storage and drying conditions, and tape and reel packaging details                     | 07/31/2019 |
| 1.04 | brand update                                                                                 | 01/07/2020 |
| 1.05 | logo, datasheet style update                                                                 | 08/05/2022 |
| 1.06 | made the tolerance on the rated frequency tighter, moved the printing to the top of the part | 12/14/2022 |
